Jl.Tuar Indah XI No.18 Blok IX Ling 21

Software developer with experience in Virtual Reality (VR), Augmented Reality (AR), Android, and web development. Committed to developing innovative, reliable, and user-centered software solutions.

Work Experiences

Dinas Kominfo Kabupaten Deli Serdang - Jl. P. Diponegoro No.78, Petapahan, Kec. Lubuk Pakam, Kabupaten Deli Serdang, Sumatera Utara

Jul 2025 - Aug 2025

Programmer

Government office responsible for managing information technology, digital public services, communication, and statistics for Deli Serdang Regency.

- Designed and developed a high-fidelity 3D replica of the Dinas Kominfo office using Blender for digital visualization purposes.
- Converted and exported the complete 3D model into glTF format and successfully deployed it online through Sketchfab for interactive web visualization.
- Integrated the 3D visualization into a responsive website using HTML5 and Bootstrap 5, providing seamless cross-device accessibility.
- Collaborated with the development team to support internal digital transformation initiatives through web development, system testing, and technical troubleshooting.

Self-Employed - Jl.Tuar Indah XI No.18 Blok IX Ling 21

Sep 2025 - Present

Freelance

Freelance software developer specializing in Virtual Reality (VR), Augmented Reality (AR), Android, and web development.

- Designed and developed custom Virtual Reality (VR) and Augmented Reality (AR) applications using Unity and Unreal Engine.
- Developed Android and Web applications tailored to client requirements, focusing on functionality, usability, and performance.
- Delivered complete software solutions from concept to deployment, ensuring projects met client requirements and deadlines.

Outkatz - Jl.Tuar Indah XI No.18 Blok IX Ling 21

Apr 2024 - Present

Brand Owner

Independent clothing brand focused on designing and producing modern streetwear apparel.

- Founded and independently managed Outkatz, a streetwear clothing brand from concept to market.
- Designed original apparel collections, brand identity, logos, promotional materials, and visual content for digital marketing.
- Built and managed the brand's online presence through social media and e-commerce platforms, creating marketing campaigns to increase brand awareness.
- Handled end-to-end business operations, including product planning, supplier coordination, inventory management, order fulfillment, and customer service.

Education Level

Universitas Sumatera Utara - Jl. Tri Dharma No.9, Padang Bulan, Kec. Medan Baru, Kota Medan, Sumatera Utara

Sep 2022 - Jun 2026

Bachelor of Information Technology, 3.76/4.00
